3. Register early as your selections will be assigned on a first received basis.
4. Spots are limited but every effort will be made to accommodate your top two selections.

1      2

	<p><b>Break Out Session #1— <u>TeenTalk</u></b> Our mental health is made up of and affected by physical, emotional, social and spiritual factors. Service providers can help youth by teaching and talking about mental health. Everyone has mental health and just like our physical health, we all have to work towards mental wellness. This workshop focuses on how to support youth with their mental health, different ways stress and trauma impacts our well being as well as coping strategies, including stress reduction activities, to get through hard times. We will highlight resources and supports while emphasizing help seeking when going through a hard time.</p>
	<p><b>Break Out Session #2— <u>Diabetes Canada</u></b> Get to know Diabetes Canada, who we are and what we do while learning about the basics of diabetes and how to live a healthy life.</p>
	<p><b>Break Out Session #3— <u>Thompson 2020</u></b> The Thompson 2020 is a 2 year project that will come to an end in December 2019. The project is a partnership with all levels of government and Vale. The main aims of the project is to mitigate the economic and workforce impacts to Thompson and the region, resulting from changes in the local mining sector, while also leveraging existing plans and opportunities to maximize economic benefit.</p>
	<p><b>Break Out Session #4— <u>Broadband Communications Network (BCN)</u></b> Learn how the internet is delivered to the communities of Manitoba and an overview of how BCN operates. BCN will talk about how information flows through the internet so we can talk about how dedicated service works and how that information stays in Manitoba.</p>

**Please fax or email to:**

		<p><b>Break Out Session #5— <u>Look North</u></b>                      Economic development is vital to the long term sustainability of your community. Without a certain level of economic development a community limits its resources causing a community to shrink and children to leave for jobs elsewhere due to lack of employment. This presentation will take you through the planning process that community leaders need follow to proactively plan for economic development.                      Oswald Sawh, Executive Director, Communities Economic Development Fund</p>
		<p><b>Break Out Session #6— <u>Addictions Foundation of Manitoba</u></b>  <b>Substance Use and Addictions Awareness Information</b>                      This session explores what is behind substance use and addiction issues as well as helpful response strategies and resources to better assist others who may be struggling with alcohol, drugs or gambling.                      Kate Evans, Prevention and Education Consultant with the Addictions Foundation of Manitoba (AFM).</p>
		<p><b>Break Out Session #7— <u>Investing in Canada Infrastructure Program (ICIP)</u></b>                      The Investing in Canada Infrastructure Program (ICIP) is a cost-shared federal-provincial program that will support infrastructure needs throughout Manitoba over the next 10 years (until 2028). The presentation includes an overview of the ICIP funding streams, eligibility requirements, project performance measures (outcomes) and project submission process.                      Andrea Lamboo Miln, Director Infrastructure Programs &amp; Celene Ganske, Senior Project Manager</p>
		<p><b>Break Out Session #8— <u>FortWhyte Farms</u></b>                      Since 2003, FortWhyte Farms (FWF) has operated with the vision of serving as a catalytic, transformative force for youth and their families by providing a place of belonging, hope and purpose, new and improved sources of income, and enhanced access to high-quality food. FWF are creating educational modules that can be adapted and used by other groups that can help you develop specific abilities and knowledge. Still under development, these training modules will be activated by schools, community development groups, youth agencies or businesses regardless of geographical remoteness, limited facilities or financial constraints. We hope to inspire others to scale and replicate other successful projects that link; Food Access and Nutrition and Employment Skills.</p>
