

Lifesaving Society Manitoba’s **Winter Smart Program** aims to provide your community with cold weather, hypothermia and ice safety information. Drowning can occur year-round, not just during the summer, so we want to make everyone Water Smart® for every season!

This year due to the ongoing COVID-19 pandemic we know that we will have to adapt our programming to meet the public health orders, physical distancing rules, and travel restrictions that are in place. Because of these restrictions we may not be able to provide in-person visits to communities this winter. We are looking at the ways we might still be able to deliver some form of cold water and ice safety information to your community.

Please review the instructions and questions on this page and the next. Answer the questions as best you can and follow the directions as indicated. Please return the questionnaire to us ASAP and no later than **November 12, 2021**.

**Questionnaire**

Community Name: \_\_\_\_\_

Name of Primary Contact Person: \_\_\_\_\_

Primary Contact Phone Number: \_\_\_\_\_

Primary Contact Fax Number: \_\_\_\_\_

Primary Contact E-mail Address: \_\_\_\_\_

**Please select all choices that apply for your community:**

If public health guidelines allow, we are prepared to host an in-person Winter Smart program visit. **If you check off this option, we will forward you additional information about arranging an in-person visit.**

We are not able to host an in-person Winter Smart program visit this winter, but we are interested in running alternate programming instead.

We could distribute Lifesaving Society Water Smart® water safety resources to families within our community to help teach drowning prevention, cold water and ice safety topics.

We would be able to broadcast Lifesaving Society ice safety messages through our local community radio station.

We would be able to broadcast Lifesaving Society ice safety messages through our local community television station.

We can host presentations via videos loaded on YouTube.

We can host presentations via a video conference service (Zoom, etc.)

We can host presentations via another option not listed (please describe in the comments section)

We will not be able to host any form of Winter Smart programming this winter.

**Comments** (please include anything else you would like us to know here):

Please sent completed questionnaires to:
